TALKING TRAVEL AFRICA

A project of Integrated Conservation Africa cc.

2008 November

How to feel comfortable and look stunning? Easy - just wear one of the latest t-shirts from the **SAJE ROBINSON COLLECTION**.

This is a newly introduced line of art designer t-shirts, by talented and well-known Sandra Robinson, who has developed lines for ladies and gents using cultural impressions inspired by African, Mayan, Aztec and Oriental art, masks and symbols. Infused with positive energy, there is a meaning behind each expression of this unique art form.

The Mask of Strength, Art for Friendship, the intricate Mask of Happiness and Laughter, the Symbol for Health and Vitality, and the delightful Symbol for Unity and Fertility are just some of the designs used. The t-shirts are made from 100% ring-spun cotton, making them so soft. With novelty stitching around the neck and sleeves, they hold their shape well. For the ladies there is a choice of classic-cut - very flattering - or relax-cut which is also available for the

men.

Sandra's list of awards and achievements is impressive. She has done costume designs for theatre, films and commercials, interior design for homes, private jets, weddings, and still finds time for her many community charity events.

Based in South Florida, the **SAJE COLLECTION** is available online at <http://www.sajerobinson.com>, or you can email Sandra at info@sajerobinson.com to read more: <http://www.talkingtravel.co.za/>
